£4.00

£4.80 inc VAT

Product Description:

Olea europaea
Extraction: from the flesh of the olives.
- Typical aroma and colour. Generally a little heavy and sticky for general massage but can be added as a proportion of a blend.
- Reportedly calming, soothing and emollients, it has been used for burns, sprains, bruises, insect bites, relieves itching skin.
- It is a weak astringent and weak antiseptic.
