£9.00 inc VAT

Product Description:

(Leptospermum scoparium)

Country of Origin: Australia

Aroma: Elusive but sweet and gentle, woody and earthy

- With its anti-viral, anti-fungal and bactericidal properties it is a useful oil for all respiratory tract infections such as colds, catarrh, sinusitis and bronchitis
- It can be vaporised as a preventative during the winter months or added to the bath
- The antiseptic properties can be useful in skin care when it will help with cuts, spots, boils, ulcers particularly when healing is slow
- As a local analgesic it is helpful for muscular pain and rheumatism

Compliments: Chamomiles, Eucalyptus, Frankincense, Lavender, Citrus oils, Niaouli.
