£4.35

£5.22 inc VAT

Product Description:

Lavandula angustifolia

Lavender hydrosol, produced during the steam distillation of our own certified organic Lavender plants.
The hydrosol contains all the essence of the original plant, and emulsified essential oil. The hydrosol, therefore, also possesses many of the essential oils beneficial properties.

- Excellent as a facial spritz in hot weather or during hot flushes
- Soothes sunburn
- Calming room mist, which can aid sleep
- Spritz onto clothes during ironing
- Apply to tissues or cotton wool to create an effective 'wet wipe'
- Spritz on during travel to help kill air bourne bacteria
