Product Description:

(Ravensara aromatica)

Country of Origin: Madagascar

Aroma: Combination of the freshness of eucalyptus and cajeput with the gentle warmth of tea tree and rosewood

- Generally found to be more effective in blends than used alone
- Appears to be anti-viral and an immunostimulant, effective against flu and flu-like viral infections
- Helpful for all respiratory tract infections, such as sinusitis, catarrh and bronchitis
- Useful for cold sores and shingles
- Muscle relaxant and analgesic properties make it a useful oil for joint pains and muscular tension
- May help those who are overtired, anxious, depressed or lethargic with its mentally and physically stimulating properties

Compliments: Bergamot, Chamomile, Eucalyptus, Frankincense, Grapefruit, Lavender, Lemon, Marjoram, Myrtle, Pine, Thyme
